Bryson Omullo

Full-stack Developer

👤 Male | 🎓 30th July, 2001 | 📍 Kenya, Nairobi

Citizenship: Kenya
Passionate & driven Software Engineer, developing robust & user-centric apps. ALX SE scholarship recipient, driving change in Africa's tech. Proficient in full-stack dev with a backend focus (PHP, Node.js, Python). Skilled in HTML, CSS, JS, React.js. Strong in DB, version control, networking. Multiple Udemy certs & Cisco Networking Essentials. Seeking impactful projects to apply skills & expand knowledge.

Professional Experience

fullstack engineer
254news.co.ke

Sep 2021 - May 2022

Developed and maintained website for '254news' blog, responsible for server management and ensuring site scalability. Successfully migrated website from traditional host to cloud web host Linode, improving site performance and stability. Conducted regular testing and troubleshooting to maintain site functionality and resolved issues promptly. Collaborated with cross-functional teams to achieve project objectives and ensure seamless site operation.
